EXPERIENCE

- Aug. 2013 to present *The Pennsylvania State University*, University Park, Pennsylvania
Liberal Arts Professor of Economics
Graduate teaching: econometric theory, computational econometrics; Undergraduate teaching: environmental economics
- Jan. 2003 to July 2013 *Duke University*, Durham, North Carolina
Hanes Corporation Foundation Professor of Business Administration, Fuqua School of Business. MBA teaching: data mining, forecasting, environmental economics; Graduate teaching: computational econometrics.
- Jan. 2010 to Dec. 2013 *New York University*, New York City, New York
Distinguished Scientist in Residence, Department of Economics
Graduate teaching: computational econometrics.
- July 1993 to present *University of North Carolina*, Chapel Hill, North Carolina
Emeritus Professor of Economics. Adjunct Professor of Statistics and Henry A. Latané Distinguished Professor of Economics previously. Graduate teaching: nonlinear and non-parametric econometrics, mathematical statistics.
- March 1983 to Aug. 2013 *Duke University*, Durham, North Carolina
Professor of Economics (secondary appointment), Department of Economics, Research Professor previously. Graduate teaching: topics in econometrics.
- July 1971 to June 1993 *North Carolina State University*, Raleigh, North Carolina
Drexel Professor of Statistics and Economics. Assistant, Associate, and Full Professor previously. Graduate teaching: econometrics, linear models, multivariate linear and nonlinear models, time series analysis, statistical inference, statistical computing. Undergraduate teaching: mathematical statistics.
- Sept. 1987 to June 1988 *University of Chicago*, Chicago, Illinois
Visiting Professor of Econometrics, Graduate School of Business. Graduate teaching: advanced econometrics.
- Sept. 1982 to June 1983 *Northwestern University*, Evanston, Illinois
Visiting Professor, Department of Economics and J. L. Kellogg Graduate School of Management. Graduate teaching: advanced econometrics, MBA teaching: calculus level statistics.
- Sept. 1979 to June 1980 *Duke University*, Durham, North Carolina
Visiting Associate Professor, Department of Economics. Graduate teaching: econometrics, mathematical statistics.
- Sept. 1975 to June 1976 *University of Chicago*, Chicago, Illinois
Visiting Assistant Professor of Statistics, Graduate School of Business. MBA teaching: calculus and non-calculus level statistics.

EDUCATION

Sept. 1967 *Iowa State University*, Ames, Iowa
to Ph.D. in statistics with minor in mathematics.
June 1971 Snedecor Award, Phi Kappa Phi, Mu Sigma Rho, NDEA Fellowship.

Sept. 1965 *University of California at Los Angeles*, Los Angeles, California
to M.B.A. with major in marketing.
June 1967 Beta Gamma Sigma.

Sept. 1960 *San Diego State University*, San Diego, California
to A.B. in mathematics.
June 1965 Graduation with honors and distinction in mathematics.

PROFESSIONAL SERVICE AND AWARDS

Fellow *American Statistical Association*, 1983.

Fellow *Econometric Society*, 1985.

Journal of Econometrics Fellow, 1988.

Fellow *Society for Financial Econometrics*, 2012.

Board of Directors, American Statistical Association, 1987–1988.

Board of Directors, National Bureau of Economic Research, 1990–2004, Executive Committee, 1997–2004.

Board of Trustees, National Institute of Statistical Sciences, 1991–1997.

NCSU Alumni Association Outstanding Research Award, 1988.

D. D. Mason Faculty Award, 1984.

Organizer, with T. M. Gerig, of Computer Science and Statistics: Eleventh Annual Symposium on the Interface, March 1978.

Organizer, with William A. Barnett, of the Conference on New Approaches to Modeling, Specification Selection, and Econometric Inference, May 1984.

Lecturer in the Program of Visiting Lecturers in Statistics, 1976–1982.

President, North Carolina Chapter of the ASA, 1979.

ASA Committee on the Evaluation of Statistical Software, 1979–1982.

Program Chairman, Business and Economics Section, ASA, 1983.

President, Business and Economics Section, ASA, 1990.

Publications Committee, ASA: B&E Section Representative, 1985; *JBES* Representative, 1986–1989.

Program Committee, Econometric Society: 1986 Summer Meetings, 1990 World Congress.

Journals Management Committee, ASA, 1992–1997.

Outstanding Statistical Application Award, ASA, 1993.

National Science Foundation Panels: Economics 1995–1997, MSBS 2004, MMS 2005–2006.

JBES Invited Paper, 2001 Annual Meetings of the American Statistical Association.

Board of the Social Science Research Institute, Duke University, 2004–2007.

Member Executive Committee of the Academic Council, Duke University, 2004–2005, 2007–2008.

Nonlinear and Financial Econometrics Conference, A Tribute to A. Ronald Gallant, Toulouse School of Economics, May 19–21, 2011

A. Ronald Gallant Distinguished Professorship created by the University of North Carolina, Chapel Hill, NC, March 2014.

Fellow *Institute for Nonlinear Dynamical Inference*, Moscow, 2017.

Founding Fellow of the *International Association for Applied Econometrics*, UK, 2017.

FOREIGN LANGUAGE

French.

EDITORIAL SERVICE

Editor: *Journal of Business and Economic Statistics*, 1986–1989.

Associate Editor: *Journal of Econometrics*, 1977–1985, 1990–1991; *American Statistician*, 1979; *Journal of the American Statistical Association*, Theory and Methods Section, 1983–1985.

Co-Editor: *Journal of Econometrics*, 1991–2011.

SHORT TERM APPOINTMENTS AND VISITS

Securities Exchange Commission, Washington, D.C., Financial Economist, Directorate of Economic and Policy Research, July 1977.

Laboratoire d'Econometrie de l'Ecole Polytechnique, Paris, France, June and July 1978.

Institut National de la Statistique et des Etudes Economique, Paris, France, July 1979, September 1982, July 1984, July 1998.

Colegio de Postgraduados, Chapingo, Mexico, Centro de Estadística y Cálculo, June 1981.

Empresa Brasileira de Pesquisa Agropecuária, Brasília, Brazil, July 1981, August 1989.

Stanford University, Stanford, California, Department of Computer Science, June and July 1982.

University of California at San Diego, La Jolla, California, Department of Economics, June 1983, July 1987, July 1989, July 1992, July 1997, July 1999.

Universidad Nacional Autónoma de México, Mexico City, Mexico, Instituto de Investigaciones en Matemáticas Aplicadas y en Sistemas, December 1986.

Board of Governors, Federal Reserve System, Washington DC, June 1994.

University of Tilburg, Tilburg, The Netherlands, June 1994.

Instituto Tecnológico Autónomo de México, Mexico City, June 1995.

Tel Aviv University, Tel Aviv, Israel, June 1996.

Australian National University, Canberra, Australia, July 1996.

Princeton University, Princeton NJ, Department of Economics, Visiting Fellow, February–May, 2000.

University of Chicago, Graduate School of Business, February 2002, Spring Quarter 2004 (taught datamining).

CIRANO and University of Montreal, Montreal, Quebec, Canada, April 2003.

University of Uppsala, Uppsala, Sweden, October 2003.

New York University, Department of Economics, Spring Semester 2009, (taught computational economics).

National Center of Atmospheric Research, Boulder, Colorado, July–September, 2010, (sabbatical, research on climate models).

Stanford University, Department of Economics, October–December, 2010, (sabbatical, research on the econometrics of dynamic games).

Yale University, Cowles Foundation, May 5–9, 2014.

DISSERTATION

Gallant, A. Ronald (1971), “Statistical Inference for Nonlinear Regression Models,” Ph.D. Dissertation, Iowa State University, 114 pages.

SOFTWARE

- TSCSREG, A SAS Procedure for regression analysis on data with a time series and cross sectional structure. Available in the SAS ETS Product. With Douglas Drummond, 1974, 1993.
- SNP, A Program for Nonparametric Time Series Analysis. In the public domain and available at <http://www.aronaldg.org>. With George Tauchen, 1991. Revised to use BEKK variance matrix 2004. Both serial and parallel, in C++, 2004.
- libscl, A statistical computing library in C++ that includes a matrix class, optimizers, quantile regression, etc. In the public domain and available at <http://www.aronaldg.org>. Early version called libcpp, 1990; renamed to avoid a name clash with a Microsoft library and revised, 2006. Option to use cblas added 2007. Updated continuously.
- Nlmdl, A C++ implementation of the statistical methods in Gallant, A. Ronald (1987), “Nonlinear Statistical Models”, Wiley, using libcpp. In the public domain and installed on the statlib Carnegie-Mellon email server and comp.sources.misc on usenet (uunet.uu.net), 1991.
- Nlmix, A Program for Maximum Likelihood Estimation of the Nonlinear Mixed Effects Model with a Smooth Random Effects Density. In the public domain and installed on the statlib Carnegie-Mellon email server. With Marie Davidian, 1992.

EMM, A Program for Efficient Method of Moments Estimation. In the public domain and available at <http://www.aronaldg.org>. With George Tauchen, 1993. Revised to use MCMC methods in 2004. Both serial and parallel, in C++, 2004.

EDF, A Program for Calibrating Structural Models by Matching Empirical Distribution Functions, 2001.

GSM, Bayesian Estimation of General Statistical Models. With Robert E. McCulloch. In the public domain and available at <http://www.aronaldg.org>. Both serial and parallel, in C++, 2005.

MLE, Maximum Likelihood Estimation by MCMC. In the public domain and available at <http://www.aronaldg.org>. Both serial and parallel, in C++, 2013.
